Earnings per share	0.49	0.58

... SPECIFIC EMPHASIS WAS PLACED ON STABILIZING AND IMPROVING THE OVERALL ASSET QUALITY, WHICH WAS ACHIEVED TO A LARGE EXTENT.

#### **First Year Operations**

The year 2011 was another historic year for the Bank of St. Vincent and the Grenadines Limited. It was the first full year of operation under the stewardship of the East Caribbean Financial Holdings Ltd. (ECFH) which acquired 51% shareholding in the then National Commercial Bank (SVG) Ltd. During the year a number of key projects were undertaken with a view to align and streamline the operations of the emergent entity - Bank of St. Vincent and the Grenadines Limited (BOSVG). Among the noteworthy initiatives successfully undertaken in 2011 were:

- The rebranding of the Bank resulting in the launch of the new brand identity inclusive of a modern and sophisticated logo. The rebranding was supported by targeted marketing and public relations initiatives aimed at deepening existing loyalty and creating new loyalty within the market place.
- The opening of the Bank's new headquarters at Reigate, Kingstown on November 13, 2011.
   This new building, which was designed to provide greater comfort and convenience for customers and staff, is expected to contribute immensely to the general improvement in customer service and overall satisfaction in the years ahead.

Central to ensuring the success of initiatives implemented to date and those planned going forward, BOSVG has commenced the relevant training and change management programmes geared at achieving and maintaining alignment with the core values of the ECFH. To this end, a number of staff development training programmes, mainly in customer service and leadership, were implemented during the year. Structurally, we have also implemented a number of projects with the main objective of improving the

overall efficiencies throughout the Bank. In this regard, the Bank has successfully automated significant portions of the back office mainly in operations; information technology and finance and accounting.

#### **Financial Performance**

With respect to the financial performance for the year, the bank recorded profit before tax of \$5.2 million compared to \$6.6 million in 2010. During the year some expenses were incurred, mainly relating to the rebranding and the occupancy of the new headquarters, which will not recur in future periods. All other items performed in accordance with the budget expectations for the year. Total assets declined to \$698 million from \$714 million as at December 2010. As the economic challenges deepened, specific emphasis was placed on stabilizing and improving the overall asset quality, which was achieved to a large extent.

#### **Corporate Social Responsibility**

During 2011, BOSVG advanced support for the communities through its corporate social responsibility activities. A significant donation was made to the health sector with the joint acquisition of a CT Scan machine for the Milton Cato Memorial Hospital in Kingstown. Substantial disaster relief was also provided to the persons in the north of the country that were affected by the storms in April 2011. BOSVG also continued to support the other critical sectors such as youth and sports; culture and education. In the years ahead, the plan is to advance the relevant policies and programmes and the supporting framework that will ensure that the bank continues to satisfy its corporate social responsibility mandate.
